

## Reception aid to identify estimated inhaler duration

### Regular Inhalers (Prescribe by Brand)

Inhaler Brand Name	Drug Name	Number of Doses (and strength where applicable*)	Dose	At the stated dose the inhaler should last a duration of:
Clenil Modulite <sup>®</sup> MDI	Beclometasone Dipropionate	200	Two puffs twice daily	50 days
Qvar <sup>®</sup> MDI	Beclometasone Dipropionate	200	Two puffs twice daily	50 days
Easyhaler <sup>®</sup> Beclometasone	Beclometasone Dipropionate	200	Two puffs twice daily	50 days
Pulmicort Turbohaler <sup>®</sup>	Budesonide	200* 100 micrograms	One puff twice daily	100 days
		100* 200 micrograms	One puff twice daily	50 days
		50* 400 micrograms	One puff twice daily	25 days
Easyhaler <sup>®</sup> Budesonide	Budesonide	200	Two puffs twice daily	50 days
Fostair <sup>®</sup> MDI	Beclometasone Dipropionate and Formoterol	120	Two puffs twice daily	30 days
Symbicort Turbohaler <sup>®</sup>	Budesonide and Formoterol	120* 200 + 6 micrograms	Two puffs twice daily	30 days
		60* 400 + 12 micrograms	One puff twice daily	30 days
Relvar Ellipta <sup>®</sup>	Fluticasone Furoate and Vilanterol	30	One puff daily	30 days
Flutiform <sup>®</sup> MDI	Fluticasone Propionate and Formoterol	120	Two puffs twice daily	30 days
Seretide Accuhaler <sup>®</sup>	Fluticasone Propionate and Salmeterol	60	One puff twice daily	30 days
Seretide Evohaler <sup>®</sup> MDI	Fluticasone Propionate and Salmeterol	120	Two puffs twice daily	30 days
Flixotide Accuhaler <sup>®</sup>	Fluticasone Propionate	60	One puff twice daily	30 days
Flixotide Evohaler <sup>®</sup> MDI	Fluticasone Propionate	120	Two puffs twice daily	30 days
Easyhaler <sup>®</sup> Formoterol	Formoterol	120	One puff twice daily	60 days
Serevent Evohaler <sup>®</sup> MDI	Salmeterol	120	Two puffs twice daily	30 days
Serevent Accuhaler <sup>®</sup>	Salmeterol	60	One puff twice daily	30 days
Spiriva Handihaler <sup>®</sup> Refill Capsules	Tiotropium	30	One dose daily	30 days
Spiriva Respimat <sup>®</sup>	Tiotropium	60	Two puffs once daily	30 days

\* Where the number of doses per inhaler device differs with the strength of inhaler

#### Inhalers used only when required (Relievers)

Prescribe by brand except Salbutamol MDI

The quantity required depends on usage but would expect to be **no more than ONE inhaler per month**

Inhaler Brand Name	Drug Name	Number of Doses
Salbutamol MDI/ Ventolin Evohaler <sup>®</sup>	Salbutamol (Prescribe generically)	200
Easyhaler <sup>®</sup> Salbutamol	Salbutamol	200
Salamol Easi-Breathe <sup>®</sup> Breath-Actuated Inhaler	Salbutamol	200
Ventolin Accuhaler <sup>®</sup>	Salbutamol	60
Pulvinal <sup>®</sup> Salbutamol	Salbutamol	100
Bricanyl Turbohaler <sup>®</sup>	Terbutaline	100

## Reception aid to identify estimated inhaler duration

### Regular Inhalers (Prescribe by Brand)

Inhaler Brand Name	Drug Name	Number of Doses (and strength where applicable*)	Dose	Usual Duration
Eklira Genuair <sup>®</sup>	Acclidinium	60	One puff twice daily	30 days
Duaklir Genuair <sup>®</sup>	Acclidinium and Formoterol	60	One puff twice daily	30 days
Pulvinal <sup>®</sup> Beclometasone	Beclometasone Dipropionate	100	Two puffs twice daily	25 days
Fostair Nexthaler <sup>®</sup>	Beclometasone Dipropionate and Formoterol	120	Two puffs twice daily	30 days
Budelin Novolizer <sup>®</sup>	Budesonide	100	Up to four puffs twice daily	25 days
Duoresp Spiromax <sup>®</sup>	Budesonide and Formoterol	60* 320 + 9 micrograms	One puff twice daily	30 days
		120* 160 + 4.5 micrograms	Two puffs twice daily	30 days
Atimos Modulite <sup>®</sup> MDI	Formoterol	100	One puff twice daily	50 days
Foradil <sup>®</sup>	Formoterol	60	One dose twice daily	30 days
Oxis <sup>®</sup> Turbohaler	Formoterol	60	One puff twice daily	30 days
Seebri Breezhaler <sup>®</sup>	Glycopyrronium bromide	30	One puff daily	30 days
Onbrez Breezhaler <sup>®</sup>	Indecaterol	30	One puff daily	30 days
Striverdi RespiMat <sup>®</sup>	Olodaterol	60	Two puffs daily	30 days
Neovent <sup>®</sup> MDI	Salmeterol	120	Two puffs twice daily	30 days
Incruse Ellipta <sup>®</sup>	Umeclidinium	30	One puff daily	30 days
Anoro Ellipta <sup>®</sup>	Umeclidinium and Vilanterol	30	One puff daily	30 days

\* Where the number of doses per inhaler device differs with the strength of inhaler.
